APPENDIX A.

Rules referred to in Rule X.

1. The Government duty on all opium booked by railway from Ajmir to Bombay for exportation thence by sea will for the present be Rs. 675 per chest containing 140½ lbs., net weight, including leaf and dust. The duty on opium brought to the scales at Ajmir for export to Bombay or to the Punjab shall in the case of Bombay be Rs. 725 per chest if such opium is not covered by a pass for exportation by sea from the port of Bombay, and in the case of the Punjab be Rs. 175 per chest for the present.

2. The Rajputana-Malwa Railway shall not receive opium for export through to British India except under a passport, and in whole or half-chests.

3. The amount of customs duty will be paid into the Treasury either in cash or by *hundis*, and the Treasury Officer will give the person tendering payment a receipt for the amount so paid in. On production of this receipt the number of chests for which duty has been paid will be admitted into the opium godown.

4. *Hundis* will, on being approved of by the Treasury Officer, be registered and numbered and be endorsed on the reverse side with the name on whom drawn; they will be forwarded under sealed cover registered by the Treasury Officer, if the opium is for export by sea, direct to the Accountant General, Bombay; if for the Punjab or elsewhere, to the Deputy Commissioner or other Officer mentioned in the passport as he may be directed to

send it to. The register will contain the following particulars and will be in the form attached :—

- | | |
|--|---------------------------------|
| (1) Number of pass. | (7) On whom drawn. |
| (2) Date of pass. | (8) At how many days' sight. |
| (3) Number of chests in each pass. | (9) When due. |
| (4) Consecutive number of <i>kundi</i> . | (10) Amount of <i>kundi</i> . |
| (5) Date of <i>kundi</i> . | (11) Total amount of pass duty. |
| (6) By whom drawn. | (12) Remarks. |

5. To facilitate check, passports will bear the same numbers as the *kundis*, and these numbers will be entered in column 1, "Number of passport." The total in column "Total amount of pass duty" will be the total for each continuation register, and will be carried forward into the next, and the numbers of passports so entered in the first column will be distinctly specified in the advice sent to the Accountant General.

6. Duplicates of this register, if the export is to be by sea, will be sent to the Collector of Customs and Opium, Bombay, or, if the export is by land, to the officer to whom the *kundi* has been sent under Rule 4.

7. Opium intended for export by sea or for home consumption in India shall be brought to the Government godown ready packed, in chests or half-chests (as may prove most convenient) by the merchants or brokers who will produce the Treasury Officer's certificate under his signature for cash, or his receipt for *kundi* on stamped paper, payable at sight to the Bombay General Treasury and Bank of Bombay. The Deputy or Assistant Opium Agent will carefully inspect the Treasury Officer's signature to the certificate and note the serial number of the receipt to satisfy himself that the receipts are genuine. The duty on opium intended for consumption in India must be paid in cash or by approved *kundi* into some Treasury in British India, and the receipt of the Treasury Officer must be produced.

8. The chests or half-chests of each party will be placed in the godown, and will have their covers printed and stamped, and each chest or half-chest will then be numbered consecutively in English.

9. Merchants will provide and pay themselves for porters, carpenters, and men for marking the chests, sewing up the covers of such chests as have been opened for weighment; they will also pay all expenses of conveying their chests to the railway station, and of transit thence to their destination.

10. The Assistant Commissioner of Ajmir shall annually, before beginning to weigh the opium of the season, examine the weights and scales, and shall report the result of such examination to the Commissioner. No weights or scales shall be made use of, which on any such examination have not been found to be strictly accurate.

11. It shall be the duty of the officer in charge of the scales to see that the opium is weighed fairly with an even beam; the practice of taking excess weight for the purpose of trimming the scales, or as an allowance for dryage and wastage, is strictly prohibited.

12. The Deputy or Assistant Opium Agent will select at hazard any chests he pleases (never less than two chests or half-chests out of every ten, and as many more as he thinks fit); each selected chest will then be separately opened, its contents (opium balls called *battis* or *golia*) brought to the scales, the exact weight recorded, and from these weigh-

ments the average of the whole lot may be struck. If it be in excess of 140½ lbs., allowed by Government in each chest, the surplus may be withdrawn; the object being to prevent a larger quantity than the amount allowed in a chest being exported under the passport. The officer who supervises the weighment is to see that the surplus quantity of the whole of any batch is taken out of the opened chests, and put aside somewhere near him under his eyes, until the chests are repacked and nailed down. If the opium be under 140½ lbs., and the owner has spare opium to make up the deficit, he may be allowed to supply it to make up the full weight, and the chests will then be nailed down in the presence of the officer in charge of the scales. If the owner is not able to make up the deficiency, the amount deficient will be noted in the passport.

13. During the process of weighing, the chaprasi of the Opium Establishment should vigilantly watch the merchants and their servants.

14. This operation is called the "Net weighment of opium," and, when completed, the boxes are nailed down and repacked, then the gross weighment of each chest or half-chest is ascertained and recorded, and the gross weight is then marked on the covers in English with the serial number of the chest, and such other particulars as may be necessary for the identification of the consignment. The chests are then ready for despatch.

15. The chests exported during one season, which begins on the 1st August, shall bear a continuous serial number.

16. Full particulars must be entered in the passport or each consignment showing, viz.,—

- | | |
|--------------------------------|---|
| | 1. Number of pass. |
| | 2. Name of the owner of chest. |
| | 3. Number of chest. |
| | 4. Amount of pass-duty. |
| | 5. Amount of pass-duty paid in cash at Ajmir. |
| ON THE FIRST SIDE OF PASSPORT. | 6. Amount of pass-duty to be realised on <i>kundi</i> . |
| | 7. Rate of duty. |
| | 8. Date of Government orders. |
| | 9. Date of passport. |
| | 10. Signature of the officer by whom the passport was granted, and who made the weighments. |
| ON THE SECOND SIDE. | Net weighment of opium of certain chests, selected from the whole consignment. |
| ON THE THIRD SIDE. | Gross weighment of every chest, its contents, and destination. |

17. A duplicate of each pass granted will be sent to the officer who issued the permit authorising the export of the opium mentioned in that pass. At Bombay the Customs Officer will test the weighments by fresh weighments. In the Punjab or elsewhere this will be done by the Deputy Commissioners or Collectors, and, as there always occurs a certain amount of dryage in transit, the weight of opium should invariably fall short of the weight here recorded.

18. Two weekly registers, ending on Saturdays, in the form attached, will be prepared and forwarded to the Secretary to the Government of India, Department of Finance and Commerce, Calcutta, or Simla, and one to the Chief Commissioner of Ajmir, duplicate being submitted at the

COMPTROLLER GENERAL'S OFFICE.
